VOCATIONAL AND SPECIALIZED SECONDARY EDUCATION IN THE REPUBLIC OF BELARUS

Specialized secondary and vocational education in the Republic of Belarus aims at developing a network of qualified specialists and workers for industry, agriculture, construction, transport and other sectors of the economy. Practice-oriented trainings are organized with the help of production facilities of education institutions, republican competence centres and the leading enterprises of the country.

Priority directions of vocational education:

- organization of education during the entire life cycle;
- strengthening integration between enterprises, science and vocational education system;
- modernization of the material, technical and socio-cultural base of education institutions, formation of a “cloud” information and educational environment using the best resources and services and modern technical equipment;
- improvements within educational staff and professional competences and promotion of the social status of a teacher;
- promotion of comprehensive education.

The high-quality implementation of vocational education programs is facilitated by a developed infrastructure and a high level of qualifications of teaching staff who are involved in the entire cycle of development of educational programs. A network, including 52 competence centers, has been created in the republic in order to teach skills to work on modern equipment using the latest technologies and materials.

Visit the official website of the Republican Institute for Vocational Education **PROFEDU.BY** to get more information about the admission process.

HIGHER EDUCATION IN BELARUS

POSTGRADUATE EDUCATION

High quality of researchers trainings in higher education institutions and organizations of the Republic of Belarus are carried out in::

- **postgraduate studies** (adjunct);
- **doctoral studies**;
- **scientific qualification “Researcher”** (as a form of postgraduate and doctoral studies).

To be admitted to postgraduate school you shall have:

- Master’s degree;
- aptitude for scientific research, confirmed by scientific publications, participation in research and innovation projects, conferences.

To be admitted to doctoral studies, you shall have:

- diploma of Candidate of Sciences;
- scientific papers (confirming the contribution to science).

TERMS OF STUDY IN POSTGRADUATE SCHOOL:

full-time education – no more than three years;

extramural education – no more than four years (postgraduate education, Candidate of Sciences);

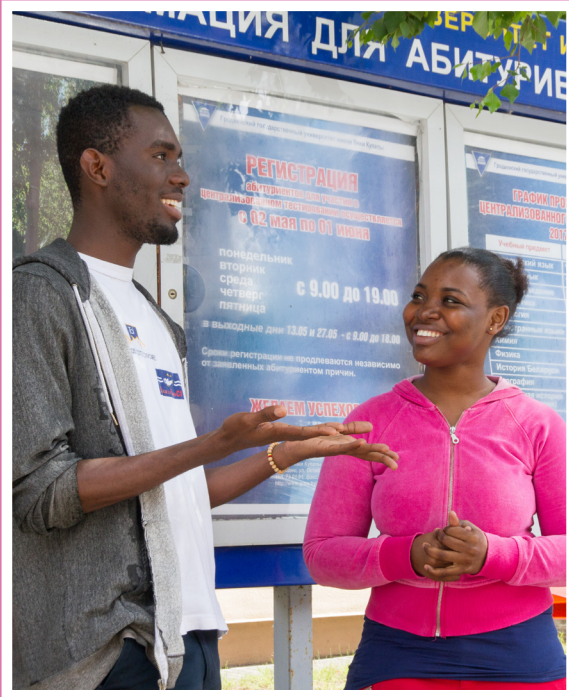

part-time education – no more than five years.

In accordance with the legislation of the Republic of Belarus, citizens of foreign states can be admitted to postgraduate education programs on the basis of international agreements of the Republic of Belarus and (or) contracts concluded by foreign citizens or organizations with an institution or organization. The tuition fee for foreign citizens is set on a contractual basis.

Visit **STUDYINBY.COM** to get more information about admission to postgraduate school or websites of institutions of higher education.

EDUCATION FOR FOREIGN CITIZENS

Citizens of the Russian Federation, the Republic of Kazakhstan, the Kyrgyz Republic, the Republic of Tajikistan as well as citizens of the Republic of Belarus permanently residing in the territory of foreign states can take entrance exams (conducted in the form of centralized testing):

- on the terms provided for foreign citizens;
- on the terms provided for citizens of the Republic of Belarus (on free and fee basis – based on the results of centralized testing).

Foreign citizens and stateless persons entering education institutions of the Republic of Belarus can study **on a fee basis**:

- according to the results of the final certification when mastering the educational program of the preparatory department and obtaining a certificate of completion of the preparatory department of the established sample;
- based on the results of an interview that establishes the level of language proficiency. It should be sufficient enough for mastering the higher education program.

International students can get a grant for education (in accordance with treaties of the Republic of Belarus) – on the results of selection conducted in accordance with the procedure established by the Government of the Republic of Belarus.

THE FUTURE BEGINS RIGHT NOW
AND RIGHT HERE

FIVE STEPS TO BECOME A STUDENT IN BELARUS

Step 1

CHOOSE A PROFESSION, INSTITUTION, COURSE

In education institutions of the Republic of Belarus you can get almost any career in the global specialty market, you just need to choose the optimal program (direction of study, city, form, language, and duration of training).

- **pre-university education** – from 7 to 9 months;
- **language courses** – from 1 to 10 months;
- **secondary specialized education** – from 2 to 3 years;
- **bachelor's degree** – from 4 to 6 years;
- **master's degree** – from 1 to 2 years.

Step 2

FIND OUT ABOUT ADMISSION AND CONDITIONS

Go to the website of the education institution or contact its representatives by phone/e-mail and find out more information about the admission conditions and the process: necessary documents, admission requirements, curricula and other details.

Step 3

PREPARE THE DOCUMENTS AND APPLY

Many education institutions offer to submit a primary application with all relevant supporting documents by e-mail.

Send the application directly to the university for free.

If the documents meet the requirements, then an official invitation will be sent to you (for visa countries).

Documents for applying include the following:

- questionnaire;
- education documents;
- medical certificate of health condition;
- negative HIV-test certificate;
- copy of passport, valid for the period of study;
- for minors - copy of birth certificate;
- 6 photos 3 × 4.

Language of documents

All documents executed in a foreign language are accompanied by their translation into Russian. The translation of all documents, except for the passport, shall be notarized. Foreign applicants do a notarized translation of their passport in the Republic of Belarus.

Шаг 4

GET AN INVITATION AND APPLY FOR A VISA

The list of countries with visa-free entry to Belarus is available on the website of the Ministry of Foreign Affairs of the Republic of Belarus or at the Belarusian consular office in your country.

If you are a citizen of a visa country, you have to receive an invitation to study at an education institution and apply for a study visa at the Embassy of the Republic of Belarus in your country before arrival.

If your country does not have a diplomatic mission or consulate of the Republic of Belarus, you can obtain a visa at Minsk National Airport (the Division for the Admission of Foreigners of the Consular Department of the Ministry of Foreign Affairs).

Step 5

PASS THE INTERVIEW

After arriving in Belarus, you should:

- Arrive at the education institution during the introductory interviews.
- Provide a set of documents.
- Apply for education (not necessary to fill in advance) and other necessary documents.
- Pass an interview.
- Sign the study contract.
- Pay tuition fees.
- Undergo a mandatory medical examination.
- Purchase medical insurance (if necessary).
- Get a temporary registration for the period of study.

HIGHER EDUCATION INSTITUTIONS IN BELARUS

Academy of Public Administration under the President of the Republic of Belarus

Academy of Public Administration under the President of the Republic of Belarus is the leading higher educational state institution in Belarus within the system of education and additional adult education of civil servants.
